JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and Senate at the conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 5257) making appropriations for the Departments of Labor, Health and Human Services, and Education, and Related Agencies, for the fiscal year ending September 30, 1991, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

TITLE I—DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION

PROGRAM ADMINISTRATION

Amendment No. 1: Appropriates $71,480,000 as proposed by the Senate instead of $70,030,000 as proposed by the House.

The conferees include funding for the School-to-Work demonstration programs begun in fiscal year 1990. The conferees encourage the Secretary to transfer funds made available under Title IV for pilot and demonstration programs to ensure adequate support to continue and expand this vital initiative.

Amendment No. 2: Makes available $54,301,000 from the Unemployment Trust Fund as proposed by the Senate instead of $54,751,000 as proposed by the House.

TRAINING AND EMPLOYMENT SERVICES

Amendment No. 3: Appropriates $4,098,236,000 instead of $4,136,447,000 as proposed by the House and $4,035,188,000 as proposed by the Senate.

The conference agreement includes $4,199,000 for labor market information and $5,390,000 for training and technical assistance. The agreement also includes $3,500,000 to continue the Samoan employment and training initiative, including services to other Pacific Islander and Asian immigrants in the State of Hawaii. Of the total, $2,500,000 is for the State of Hawaii, $750,000 is for California and $250,000 is for Washington, as the vast majority of the target populations reside in these States.

The conferees have provided sufficient funds for the Secretary to expand the Department's farm labor information exchange demonstration. This program utilizes the services of section 402 grantees to reach domestic farmworkers with information regarding the availability of farmwork and related services.

The conferees have provided sufficient funds for a multi-site, atrisk youth demonstration program.

Amendment No. 4: Earmarks $61,097,000 for Native American programs instead of $58,193,000 as proposed by the House and $64,000,000 as proposed by the Senate.

Amendment No. 5: Earmarks $72,024,000 for migrants and seasonal farmworkers instead of $69,047,000 as proposed by the House and $75,000,000 as proposed by the Senate.

Amendment No. 6: Earmarks $1,894,000 for the National Commission for Employment Policy as proposed by the House instead of $1,973,000 as proposed by the Senate.

Amendment No. 7: Earmarks $4,250,000 for activities conducted by and through the National Occupational Information Coordinating Committee instead of $2,500,000 as proposed by the House and $6,000,000 as proposed by the Senate.

Amendment No. 8: Appropriates $68,920,000 for Job Corps capital costs instead of $63,740,000 as proposed by the House and $74,100,000 as proposed by the Senate.

Because efforts to find a suitable location have not resulted in an agreement, the conference agreement provides no funds for the relocation of the Detroit Job Corps center, pending the efforts of the State of Michigan and the city of Detroit to find a suitable site.

It is anticipated that this matter will be reconsidered in the fiscal year 1992 appropriations cycle.

Amendment No. 9: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which appropriates $11,500,000 for job training for the homeless under the McKinney Act.

Amendment No. 10: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

Restore the matter stricken by said amendment, amended to read as follows:

None of the funds in this Act shall be obligated to renovate or relocate the Job Corps center in Detroit, Michigan.

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

FEDERAL UNEMPLOYMENT BENEFITS AND ALLOWANCES

Amendment No. 11: Appropriates $269,500,000 as proposed by the Senate instead of $230,500,000 as proposed by the House.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

Amendment No. 12: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which inserts a legal citation.

Amendment No. 13: Appropriates $25,600,000 as proposed by the House instead of $23,100,000 as proposed by the Senate.

Amendment No. 14: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$2,914,246,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement includes $285,120,000 for Unemployment Insurance State integrity activities, $20,000,000 to administer the Targeted Jobs Tax Credit, $12,500,000 for Employment Service automation grants and $2,500,000 for an Employment Service/Unemployment Insurance integration demonstration project.

In addition, the conferees have included an additional $90,700,000 for unemployment insurance administrative costs to help meet the increased claims workload anticipated during fiscal year 1991 as a result of the rising unemployment rate. This is the amount requested by the President in his budget amendment of September 10, 1990. These funds should be used as a base reserve along with funds provided through the contingency fund to meet the anticipated increased costs.

Amendment No. 15: Reported in technical disgreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which makes funds for Unemployment Insurance automation grants available for obligation for the period April 1, 1991 through December 31, 1991.

Amendment No. 16: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert: *and of which $12,500,000 of the amount which may be expended from said trust fund shall be available for obligation for the period October 1, 1991 through June 30, 1992, for automation of the State activities under section 6 of the Act of June 6, 1933, as amended,*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

Amendment No. 17: Appropriates $293,743,000 instead of $291,243,000 as proposed by the House and $295,893,000 as proposed by the Senate.

The conference agreement includes the House amount for targeted training grants for the logging industry. Also included are an additional 7 FTE's over the House bill for safety and health standards activities.

Amendment No. 18: Earmarks not to exceed $66,220,000 for State programs instead of $65,220,000 as proposed by the House and $67,220,000 as proposed by the Senate.

Amendment No. 19: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which prohibits enforcement of the Occupational Safety and Health Act with respect to any employer of 10 or fewer employees who is included within a category having an occupational injury lost work day case rate less than the national average, with certain specified exceptions. The House bill included no similar language.

MINE SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

Amendment No. 20: Appropriates $179,267,000 instead of $177,767,000 as proposed by the House and $179,823,000 as proposed by the Senate.

The conference agreement includes an increase of $1,500,000 and 3 FTE's over the House bill for a fire fighting facility at the National Mine Health and Safety Academy.

BUREAU OF LABOR STATISTICS

SALARIES AND EXPENSE

Amendment No. 21: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$210,274,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conferees have provided $3,000,000 and the requisite number of FTE's for the Bureau of Labor Statistics for the start-up of activity associated with locality adjustment surveys that must precede full implementation of the federal employee pay reform system in 1994.

Amendment No. 22: Makes available $52,760,000 from the Unemployment Trust Fund as proposed by the House instead of $52,210,000 as proposed by the Senate.

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

Amendment No. 23: Earmarks $4,200,000 for the President's Committee on Employment of People with Disabilities as proposed by the Senate instead of $3,700,000 as proposed by the House.

Amendment No. 24: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$135,359,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

TITLE II—DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

PROGRAM OPERATIONS

Amendment No. 25: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which adds legal citations for programs not considered by the House.

Amendment No. 26: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$2,139,382,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conferees intend that a portion of the increase provided for community health centers above the President's request be used to establish new centers. The conferees urge the Department to give priority to areas that have inadequate services for low income populations, primary care physician shortages, poverty rates of at least 25 percent, and concentrations of minority populations.

The conference agreement provides $20,000,000 for health services outreach grants, as described in the Senate report. The conferees expect that at least 85 percent of each grant shall be used to support outreach and care services through health and mental health care consortia. The conferees intend outreach grants to enable services to be provided to rural populations that are not receiving them. The grants should be used by coalitions of existing providers (such as hospitals, health departments, community or migrant health centers, Rural Health Clinics, private practitioners, or other publicly funded health or social service agencies) to enhance service capacity or expand service area, thus increasing the number of individuals and families receiving services.

The conferees intend that HRSA shall manage this program through the Office of the Administrator, and encourage the Administrator to employ the expertise of the Office of Rural Health Policy and HRSA bureaus for optimum direction of this program.

The conferees urge the Administrator to award a portion of the funds provided for services outreach grants to applications that involve the delivery of comprehensive services to rural elderly (including hearing, vision and dental services) through a consoritum including private practitioners, the appropriate health professions schools, and a health department, as well as a research and public policy component, in a State with a large percentage of elderly individuals. The conferees also express interest in applications that involve the delivery of maternal health care through consortia of public health, public welfare, and social services agencies and hospital systems.

The conferees believe that the nation must make a greater commitment to improving the health status of minorities in the United States and increasing their representation in the health professions. The conferees express their strong support for the initiatives created by the Disadvantaged Minority Health Improvement Act of 1990 and have provided $20,000,000 as initial start-up funding for these new programs. The conferees intend that the funds provided be allocated as follows:

Hispanic Centers	$1,500,000
Native American Centers	1,000,000
Grants for Scholarships	8,500,000
Federal Capital Contributions to Student Loan Funds	3,000,000
Loan Repayment for Faculty Service	1,000,000
Grants to States/Community-Based Organizations for Scholarships	500,000
Health Services for Residents of Public Housing	3,500,000
Data Collection	1,000,000

The conferees intend that the data collection funds be administered by the National Center for Health Statistics within the Centers for Disease Control and would expect the funds to be transferred to CDC through a cooperative agreement. The conferees also expect the Secretary to consider the needs of Native Hawaiians and Alaskan Natives in implementing the Act.

The conferees expect that no grantee receiving funds from the Health Care for the Homeless program will be phased out or directed to operate at a reduced level for budgetary reasons based on the conferees' decision to implement a fiscal year funding cycle.

The conferees are concerned about the shortages of physicians and other health care professionals in some urban and rural areas and have provided a significant increase in funding for National Health Service Corps scholarships and loan repayments to address these shortages. The conferees are also concerned, however, about the impact of this funding increase on outyear program costs and believe that outyear costs should be taken into consideration when decisions are made about the design of the expanded scholarship and loan program.

The conference agreement includes $4,500,000 for interdisciplinary training. Of this amount, $4,000,000 is provided for interdisciplinary training grants. The additional $500,000 is provided for a grant to extend and expand the existing Bureau of Health Professions study of integrated education and service models for rural health care professionals.

The conference agreement provides $3,500,000 for Native Hawaiian health care. Of this amount, $2,350,000 is for Native Hawaiian health centers, $750,000 is for the scholarship program administered by Kamehameha Schools/Bishop Estate, and $400,000 is for administrative costs of Papa Ola Lokahi.

The conferees intend that the $1,491,000 provided for the nurse loan repayment to shortage area service program be used in roughly equal proportions for the programs authorized under section 836(h) and section 847 of the Public Health Service Act. The conferees request that the Department report to the Committees during the fiscal year 1992 hearing cycle concerning the relative capacity of these two programs to use funding.

Within the total of $3,857,000 provided for organ transplantation, the conferees have provided $600,000 to be made available to the Division of Organ Transplantation to make grants to, and enter contracts with, qualified organ procurement organizations, described in section 371 of the Public Health Service Act, and other nonprofit private entities for the purpose of carrying out special projects to increase the supply of donated organs. Programs may include new education and training demonstration programs to enhance the ability of organ procurement organizations or other entities to focus limited resources, and to develop and implement systematic management and monitoring systems to increase the availability of donated organs. With the limited funding available from the Federal sector, it is important that the Division encourage private matching funds for a public/private partnership to help solve the organ shortage. Grantees should work in concert with the national required referral program mandated by section 1138(a)(1)(A) of the Social Security Act.

The conferees intend that funds used to administer the AIDS programs within the Health Resources and Services Administration be derived only from the Program Management line item rather than from a tap against AIDS program funds.

The conferees understand that a recent surge in vaccine injury compensation applications may increase the administrative costs of the program beyond anticipated levels. The conferees agree that the Department, if it chooses, may use program management funds of the Health Resources and Services Administration to supplement the funds made available from the Vaccine Injury Compensation Trust Fund for administrative costs.

Amendment No. 27: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert: *, of which $4,129,000 shall be made available until expended to make grants under section 1610(b) of the Public Health Service Act for renovation or construction of nonacute care intermediate and long-term care facilities for AIDS patients, of which $1,000,000 shall be available until expended under section 1610(b) of the Public Health Service Act to make grants to be awarded competitively for the renovation or construction of tertiary perinatal facilities in those States whose infant mortality rate is significantly above the national average, and of which $226,000,000 shall be available for title XXVI of the Public Health Service Act: Provided, That the Secretary shall retain and distribute from the total provided for title XXVI of the Act such amounts as may be necessary to ensure the continuation of health care services through September 30, 1991 provided by grantees whose project periods extend through that date.*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conferees have provided a total of $267,629,000 for AIDS activities within the Health Resources and Services Administration.

Of this amount, $41,629,000 is provided to continue ongoing training activities, facility renovation grants, and pediatric AIDS demonstrations. $226,000,000 in fiscal year 1991 funding is provided for the Ryan White Comprehensive AIDS Resources Emergency Act of 1990 as follows:

Title I: $90,000,000.
Title II: 90,000,000.
Title III: 46,000,000.

No advance funding is provided for fiscal year 1992. In addition, $130,000,000 of funding for the AIDS program at the Centers for Disease Control supports the purpose of title III of the Ryan White Act, for a total of $356,000,000 for Ryan White programs.

The conferees recognize that it may require several months to implement the new programs authorized under the Ryan White Act and do not intend that any disruption in services occur as current programs are melded into the new Ryan White activities. As a result, the conferees have included bill language directing the Secretary to retain such funds as he considers necessary from the amounts provided for the Ryan White Act to continue services through grantees who would otherwise have received funding in fiscal year 1991. The conferees encourage the Secretary to support current grantees during this transition period under the terms and conditions described in the House report, especially as they relate to mental health services.

The conferees intend that the majority of funds provided for Title III of the Ryan White Act be used for categorical grants authorized under section 2651 of the Act. If, however, in the judgment of the Secretary, it is appropriate to use a portion of the funds provided for Title III for activities authorized under section 2641 of the Act pertaining to State grants, the conferees intend that these resources be transferred from HRSA to the Centers for Disease Control under a cooperative agreement.

The conferees direct the Secretary to set aside $3,000,000 of the funds provided under Title II of the Ryan White Comprehensive AIDS Resources Emergency Act of 1990 for special projects of national significance to compensate dental schools and postdoctoral dental education programs for the costs they have incurred in providing oral health services to AIDS patients. Eligibility for these funds and administration of this program is to be as authorized in section 788A(f) of the Public Health Service Act. The conferees also urge the Secretary to consider using funds for special projects of national significance to provide grants to HIV/AIDS Projects in those jurisdictions which can demonstrate over 2,000 cases of AIDS diagnosed as of June 30, 1990 and subsequently reported to the Centers for Disease Control by October 31, 1990 and which serve a high percentage of minority, low-income and IV drug user AIDS populations.

The conference agreement includes $1,000,000 for competitive grants for the renovation or construction of tertiary perinatal facilities in States whose mortality rate is significantly above the national average.

Amendment No. 28: Restores language proposed by the House which establishes a limit on obligational authority for Health Education and Assistance Loans.

CENTERS FOR DISEASE CONTROL

DISEASE CONTROL, RESEARCH AND TRAINING

Amendment No. 29: Modifies legal citations proposed by the Senate.

Amendment No. 30: Inserts legal citation as proposed by the Senate.

Amendment No. 31: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$1,350,747,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement includes $30,000,000 for initial funding of the recently-enacted Breast and Cervical Cancer Mortality Prevention Act of 1990 and $38,466,000 for direct funding of the six local health departments which currently receive such funding from CDC and AIDS activities.

The conferees are agreed that NIOSH will provide at least half a million dollars for research and training grants and intramural programs related to synthetic fibers which are often used as substitutes for asbestos.

The conferees have provided an additional $20,000,000 for the purchase of additional doses of an H-flu vaccine recently approved for use in infants. The new vaccine is given on a four-dose schedule, compared to the current multiple-dose H-flu schedule.

The conferees have provided $750,000 in new appropriations and have agreed to reprogram $3,023,650 from funds appropriated in FY 1987 for the purchase and distribution of drugs, for a total of $3,773,650, to increase CDC's capacity to quickly respond to chemical and biological incidents.

The managers are agreed that the CDC shoud expand its efforts to train health professionals to be able to respond to international disasters and epidemics. Sufficient funds are provided for this activity.

Within the amount provided for HIV/AIDS activities, the conferees have included the increase recommended by the House for the AIDS/hemophilia project.

HIV infection continues to be a major public health problem in the Commonwealth of Puerto Rico. For the past year, Puerto Rico has reported the second highest annual rate of AIDS cases per 100,000 population of all the States and territories. The conferees strongly encourage CDC to reexamine the AIDS prevention and control needs in Puerto Rico and make an effort to match those needs within available resources.

The conferees are agreed that $2,000,000 is included for activities related to Chronic Fatigue Syndrome.

Amendment No. 32: Earmarks $32,740,000 for equipment and construction and renovation of facilities instead of $7,740,000 as proposed by the House and $37,900,000 as proposed by the Senate.

The conference agreement includes $25,000,000 for construction of an occupational safety and health laboratory for the National Institute for Occupational Safety and Health. These funds may be used for no other purpose.

Amendment No. 33: Deletes language proposed by the Senate related to an AIDS prevention formula grant program under title XXV of the Public Health Service Act. The conferees have decided not to fund this formula grant program and direct CDC to distribute these funds as it has in the past. The conferees are concerned that implementation of the formula grant could result in the disruption of services and programs in a number of States.

Amendment No. 34: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum named in said amendment, insert: ***$19,000,000***

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement provides that up to $19,000,000 shall be available from amounts available under section 2711 of the Public Health Service Act to carry out the National Center for Health Statistics surveys.

Amendment No. 35: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which provides that certain CDC employees assigned to States and municipalities, as well as certain employees of the National Center for Health Statistics, shall be treated as non-Federal employees for reporting purposes only.

NATIONAL INSTITUTES OF HEALTH

The conference agreement includes $8,511,782,000 for the National Institutes of Health. The conferees are agreed that these funds should be managed by the NIH consistent with the 4 year spending plan identified in the House and Senate reports accompanying the bill. The conferees believe that the amounts agreed to are sufficient to fund grants at the levels approved by the Institutes with no arbitrary downward negotiation of awards. The Secretary is directed to submit within 30 days of the enactment of this bill a precise estimate of the 1992–1995 cost of implementing this plan. While the Committees on Appropriations are willing to discuss modifications to this plan as part of their review of the 1992 Budget, they are agreed that this funding schedule provides the stability, predictability, and minimum levels of planned growth which the NIH needs at this time.

In implementing the across-the-board reductions required by section 514(b), the conferees expect that adjustments will be spread as uniformly as practicable among NIH mechanisms including research project grants.

NATIONAL CANCER INSTITUTE

Amendment No. 36: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum proposed by said amendment, insert: *$1,766,324,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The amount agreed to by the conferees includes $7,000,000 to continue the program in proton beam therapy begun by the NCI last year, as proposed by the House. The conferees expect these funds to be used to fund those programs which received planning funds in 1990.

The conferees urge that $250,000 of the increase provided above the President's request for the National Cancer Institute be used to establish a program for a major study of the use of tamoxifen as a prevention of breast cancer. Tamoxifen has been used for treatment of some types of breast cancer. The Committee has learned that a test of the use of tamoxifen on research animals as a breast cancer prevention has been encouraging.

NATIONAL HEART, LUNG, AND BLOOD INSTITUTE

Amendment No. 37: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum proposed by said amendment, insert: *$1,158,650,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conferees are aware of the tremendous growth of the National Marrow Donor Program (NMDP). The conferees have included $8,000,000 for the NMDP for the human leukocyte antigen (HLA) typing of potential volunteers. The conferees would expect that priority be given to HLA typing of minority groups which are severely underrepresented in the national registry.

Because the growth of the NMDP has exceeded even the most optimistic of expectations, the conferees have added $1,100,000 for program administration and the increased demand for donor searches, educational programs, and recruitment.

Finally, the conferees have included $3,000,000 for the establishment of an intramural bone marrow transplant unit at NHLBI. The conferees would expect that NHLBI, in establishing this unit, would work in cooperation with the Navy Medical and Research Development Command, which has received funds in another appropriations bill for the establishment of a high technology marrow typing facility.

NATIONAL INSTITUTE OF DENTAL RESEARCH

Amendment No. 38: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum proposed by said amendment, insert: *$153,272,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

NATIONAL INSTITUTE OF DIABETES AND DIGESTIVE AND KIDNEY DISEASES

Amendment No. 39: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum proposed by said amendment, insert: *$632,272,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

NATIONAL INSTITUTE OF NEUROLOGICAL DISORDERS AND STROKE

Amendment No. 40: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum proposed by said amendment, insert: *$556,864,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES

Amendment No. 41: Appropriates $933,235,000 instead of $944,965,000 as proposed by the House and $904,010,000 as proposed by the Senate. The conferees are agreed that within this total high priority should go to new efforts to deal with the problem of asthma in children.

The conferees are further agreed that funding for pediatric AIDS trials should be at the levels provided for in House Report 101-591 less the proportionate reduction in the overall appropriation for the Institute agreed to in conference.

NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES

Amendment No. 42: Appropriates $779,250,000 instead of $693,499,000 as proposed by the House and $779,351,000 as proposed by the Senate.

NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT

Amendment No. 43: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum proposed by said amendment, insert: *$492,745,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement includes funding for the implementation of the second year of the 5 year plan for sudden infant death syndrome research. The conferees applaud the important and meritorious SIDS research initiatives outlined in this plan and recommend implementation in an expeditious manner.

NATIONAL EYE INSTITUTE

Amendment No. 44: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum proposed by said amendment, insert: *$260,159,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

Amendment No. 45: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum proposed by said amendment, insert: *$249,092,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement includes an additional $3,000,000 for the National Toxicology Program and $500,000 for academic awards for excellence in Environmental and Occupational Medicine.

NATIONAL INSTITUTE ON AGING

Amendment No. 46: Appropriates $332,782,000 instead of $278,311,000 as proposed by the House and $377,733,000 as proposed by the Senate.

The conference agreement includes sufficient funds to expand the Health and Retirement Survey to include oversampling in areas with very high proportions and numbers of older Americans as described in the House Report.

The conferees encourage the NIA to support research to determine the prevalence of Alzheimer's disease in special rural populations, such as in Appalachia. Such studies can determine the simplest diagnostic screening protocol for use in minority or underserved populations.

NATIONAL INSTITUTE OF ARTHRITIS AND MUSCULOSKELETAL AND SKIN DISEASES

Amendment No. 47: Appropriates $198,442,000 instead of $191,397,000 as proposed by the House and $198,746,000 as proposed by the Senate.

NATIONAL INSTITUTE ON DEAFNESS AND OTHER COMMUNICATION DISORDERS

Amendment No. 48: Appropriates $138,497,000 instead of $125,623,000 as proposed by the House and $148,247,000 as proposed by the Senate.

The conferees encourage the Institute to support neurobiology research as part of the NIH celebration of the Decade of the Brain, particularly as it relates to the neurophysiology of speech impairments.

NATIONAL CENTER FOR RESEARCH RESOURCES

Amendment No. 49: Appropriates $343,796,000 instead of $353,469,000 as proposed by the House and $331,629,000 as proposed by the Senate.

NATIONAL CENTER FOR NURSING RESEARCH

Amendment No. 50: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum proposed by said amendment, insert: *$40,768,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

NATIONAL CENTER FOR HUMAN GENOME RESEARCH

Amendment No. 51: Appropriates $89,731,000 instead of $66,131,000 as proposed by the House and $108,264,000 as proposed by the Senate.

JOHN E. FOGARTY INTERNATIONAL CENTER

Amendment No. 52: Appropriates $18,059,000 instead of $18,682,000 as proposed by the House and $17,436,000 as proposed by the Senate.

NATIONAL LIBRARY OF MEDICINE

Amendment No. 53: Appropriates $94,416,000 instead of $80,725,000 as proposed by the House and $94,916,000 as proposed by the Senate.

The managers remain concerned that certain potential provisions of the Paperwork Reduction Act may preclude the National Library of Medicine from continuing its cost recovery and quality assurance efforts for its data bases. Should changes in the law result in a loss of revenues requiring additional appropriations, strong consideration will be given to legislative action to restore current policies.

OFFICE OF THE DIRECTOR

Amendment No. 54: Appropriates $100,575,000 instead of $106,175,000 as proposed by the House and $77,975,000 as proposed by the Senate. The conferees are agreed that $20,000,000 of this amount shall be available as a Director's reserve for high priority needs of the NIH. This is in addition to funds potentially available under the 1 percent transfer authority approved in amendments numbered 56 and 57.

The conferees urge the Director of NIH, through the National Center for Research Resources, to expand support for supercomputing in the extramural research program.

Amendment No. 55: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which provides $15,000,000 for extramural construction grants if awarded competitively. The Senate amendment also provides extended availability for funds allocated to the AID Research Loan Repayment Program. The House bill includes no similar provision.

Amendment No. 56: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which establishes transfer authority for the Director to reallocate up to 1 percent of each NIH appropriation to high priority needs of other Institutes or Centers. The House bill includes no similar provision.

Amendment No. 57: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which limits the transfer authority permitted by amendment numbered 56 to not more than 1 percent from any single appropriation. The House bill includes no similar provision.

Amendment No. 58: Appropriates $172,853,000 for buildings and facilities activities at the National Institutes of Health instead of $239,903,000 as proposed by the House and $68,803,000 as proposed by the Senate. The conferees are agreed that this amount includes $35,000,000 to complete the Child Health/Neuroscience (Building 49) and $60,000,000 for the next phase of the Consolidated Office Building project.

ALCOHOL, DRUG ABUSE AND MENTAL HEALTH ADMINISTRATION

ALCOHOL, DRUG ABUSE AND MENTAL HEALTH

Amendment No. 59: Appropriates $2,966,898,000 instead of $2,825,891,000 as proposed by the House and $3,000,283,000 as proposed by the Senate.

The conferees have provided $15,000,000 for rural and Native American mental health research.

While the conferees encourage the National Institute of Mental Health to fund clinical training activities that include a payback requirement, the conferees do not intend that funding be limited only to activities with payback. The conferees intend, however, that the funds for clinical training be distributed on an equitable basis across the five core mental health professions.

Amendment No. 60: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert: *and of which $5,000,000 shall be available for grants on a competitive basis for the construction, renovation, operation and maintenance of research facilities*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conferees have provided $5,000,000 for extramural facilities to support substance abuse research as proposed by the Senate but modified to require that these grants be awarded competitively.

ASSISTANT SECRETARY FOR HEALTH

OFFICE OF THE ASSISTANT SECRETARY FOR HEALTH

Amendment No. 61: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which inserts a legal citation.

Amendment No. 62: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$69,540,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conferees provide $10,000,000 for the National Vaccine Program. The conferees believe an important priority of the National Vaccine Program should be the development, testing, and approval of a new acellular pertussis vaccine. The funds provided will allow the National Vaccine Program to continue the comparative clinical trial of a number of candidate pertussis vaccines under the leadership of the National Institute of Allergy and Infectious Diseases. Funds made available to the National Vaccine Program will also support separate clinical trials for acellular pertussis vaccines that are ready for trial and for which clinical trial sites have been chosen.

The conferees understand that additional funds have been provided to NIAID for work on a comprehensive children's vaccine. The conferees intend that all vaccine research, including all pertussis-related research, be coordinated through the National Vaccine Program and NIAID so that Federal vaccine research and development efforts are not duplicated.

The Disadvantaged Minority Health Improvement Act contains a provision that sets aside $3 million for bilingual health care services grants when the appropriation for the Office of Minority Health exceeds $15 million. Although the appropriation will not reach this level in FY 1991, the conferees recognize the importance of bilingual services and encourages OMH to initiate this program to the extent possible with the funds provided by this Act.

The conferees are in agreement that the Department of Health and Human Services must increase resources to minority health and training. Accordingly, the NIH, HRSA and ADAMHA are directed to develop plans that would substantially increase funding and resources in these areas over the next four years. Such plans should ensure that resources are especially targeted to minority undergraduate institutions, and institutions whose key thrust is the training of minorities that are underrepresented in the medical and other health professions. The agencies are directed to report to the appropriations committees within six months from the date of enactment of this legislation and semi-annually thereafter.

AGENCY FOR HEALTH CARE POLICY AND RESEARCH

HEALTH CARE POLICY AND RESEARCH

Amendment No. 63: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$98,887,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

Amendment No. 64: Places a limitation of $13,776,000 on amounts available pursuant to section 926(b) of the Public Health Service Act as proposed by the House instead of $40,776,000 as proposed by the Senate.

HEALTH CARE FINANCING ADMINISTRATION

GRANTS TO STATES FOR MEDICAID

Amendment No. 65: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$36,966,394,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

Amendment No. 66: Appropriates $13,500,000,000 for advance funding for the first quarter of fiscal year 1992 as proposed by the Senate instead of $12,400,000,000 as proposed by the House.

PAYMENTS TO HEALTH CARE TRUST FUNDS

Amendment No. 67: Appropriates $35,335,000,000 as proposed by the Senate instead of $37,056,000,000 as proposed by the House.

PROGRAM MANAGEMENT

Amendment No. 68: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$105,466,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

Amendment No. 69: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$2,029,138,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

Amendment No. 70: Deletes language proposed by the Senate which would have established a system of user fees for Medicare and Medicaid survey and certification activities.

Social Security Administration

SUPPLEMENTAL SECURITY INCOME PROGRAM

Amendment No. 71: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$14,031,394,000*

The managers on the part of the Senate will move to concur in the amendment to the House to the amendment of the Senate.

The conferees have deleted $1,000,000 for an outreach and education program on Medicare Supplemental policies. The conferees understand that a comprehensive Medigap consumer education project will be authorized in the budget reconciliation legislation and funded out of the Social Security Trust Funds.

LIMITATION ON ADMINISTRATIVE EXPENSES

Amendment No. 72: Provides for a limitation on trust funds of $4,316,974,000 as proposed by the Senate instead of $4,166,974,000 as proposed by the House.

Amendment No. 73: Provides a contingency reserve of $150,000,000 instead of $50,000,000 as proposed by the House and $200,000,000 as proposed by the Senate.

As in previous years, the conference agreement includes a contingency reserve for workloads not anticipated in the budget estimates.

Family Support Administration

FAMILY SUPPORT PAYMENTS TO STATES

Amendment No. 74: Appropriates $10,172,346,000 as proposed by the Senate instead of $9,657,246,000 as proposed by the House.

PAYMENTS TO STATES FOR AFDC WORK PROGRAMS

Amendment No. 75: Appropriates $1,000,000,000 as proposed by the House instead of $1,006,500,000 as proposed by the Senate and deletes language proposed by the Senate which provided $6,500,000 for job creation demonstration projects authorized under section 505 of the Family Support Act. The conferees have provided $4,500,000 for these demonstrations in the Program Administration account under amendment numbered 81.

LOW INCOME HOME ENERGY ASSISTANCE

Amendment No. 76: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which appropriates $1,450,000,000 for the program.

The conferees are agreed that the recent volatility of energy prices poses economic hardship for low income families.

ENERGY EMERGENCY CONTINGENCY FUND

Amendment No. 77: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert:

ENERGY EMERGENCY CONTINGENCY FUND

For the purpose of establishing an "Energy Emergency Contingency Fund," in the United States Treasury to be available for grants to the fifty States, the District of Columbia, and Indian tribes and tribal organizations receiving direct funding in fiscal year 1991 under the Low-Income Home Energy Assistance Act of 1981, $200,000,000 which shall be available for obligation after January 15, 1991: Provided, That the national average retail price of home heating oil in any of the months December 1990, January 1991, or February 1991, as reported for Petroleum Marketing Monthly by the Energy Information Administration or the best available data from the Department of Energy on the last day of the month following such month, exceeds by 20 per centum or more the average of the national average retail price for home heating oil for the corresponding month as reported by the Department of Energy for 1986, 1987, 1988, and 1989: Provided further, That these funds shall be allotted to the fifty States and the District of Columbia in proportion to the consumption by low-income households in such jurisdiction (determined on the basis of the best data available at the time of allotment) of home heating oil: Provided further, That for allotment purposes only, home heating oil includes liquified petroleum gas and kerosene: Provided further, That Indian tribes and tribal organizations shall receive the same per centum of the allotment of the State or States in which they are located as they receive from that State's (or those States') allotment for fiscal year 1991 under section 2604 of the Low-Income Home Energy Assistance Act.

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

REFUGEE AND ENTRANT ASSISTANCE

Amendment No. 78: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert:

REFUGEE AND ENTRANT ASSISTANCE

For making payments for refugee and entrant assistance activities authorized by title IV of the Immigration and Nationality Act and section 501 of the Refugee Education Assistance Act of 1980 (Public Law 96-422), $420,770,000, of which $240,000,000 shall be available for State cash and medical assistance.

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement for targeted assistance includes the same funding level as provided in fiscal year 1990 to continue the current program of support to communities affected as a result of the massive influx of Cuban and Haitian entrants during the Mariel boatlift. The conference agreement also provides that 10 percent of the total amount appropriated for targeted assistance be used for grants to localities most heavily impacted by the influx of refugees such as Laotian Hmong, Cambodians, and Soviet Pentecostals, including secondary migrants who entered the United States after October 1, 1979. The conferees expect these grants to be awarded to communities not presently receiving targeted assistance because of previous concentration requirements and other factors in the grant formulas, as well as those who do currently receive targeted assistance grants. This agreement is consistent with the policy established in Public Law 101–166, the fiscal year 1990 Appropriations Act, and Public Law 101–302, the fiscal year 1990 Supplemental Appropriations Act.

The conferees intend that the State of California, which has 49 percent of the nation's refugees and is the most impacted state in the nation, shall be held harmless in the formula allocation of targeted assistance funds as a result of any reductions to the total amount appropriated for the targeted assistance program. California's total share of funding under the formula allocation in fiscal year 1991 should be no less than the percentage share of California's allotment under fiscal year 1990 appropriations, excluding funds appropriated by Public Law 101–302, the fiscal year 1990 Supplemental Appropriations Act. In determining the hold harmless allocation to California, the total amount appropriated for targeted assistance will be used.

The conferees are agreed that not more than 15 percent of funding appropriated for social services may be used for discretionary grants.

INTERIM ASSISTANCE TO STATES FOR LEGALIZATION

Amendments No. 79: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert:

INTERIM ASSISTANCE TO STATES FOR LEGALIZATION

Section 204(a)(1)(B) of the Immigration Reform and Control Act of 1986 is amended—

(1) by striking the period at the end thereof and inserting in its place the following:", and funds appropriated for fiscal year 1991 under this section are reduced by $566,854,000.".

Section 204(a)(1)(C) of the Immigration Reform and Control Act of 1986 is amended—

(1) by striking "$1,000,000,000" and inserting in its place "$2,000,000,000"; and

(2) by inserting "for each of fiscal years 1990 and 1991" after "paragraph (2)"; and

(3) by striking the period at the end thereof and inserting in its place the following: "and fiscal year 1991.".

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conferees have agreed to shift appropriations from fiscal year 1991 to 1992 in order to more closely reflect projected outlay patterns. The conferees believe that the remaining appropriation for fiscal year 1991, when combined with the unspent appropriations from fiscal years 1988, 1989 and 1990, will be sufficient to meet the needs of State and local governments and legalized aliens in fiscal year 1991. The funds appropriated for fiscal year 1992 are made available under the same terms and conditions as they would have been in 1991. The conferees have deleted language proposed by the Senate which would have amended the authorization.

The conferees direct the Secretary to allow states to use State Legalization Impact Assistance Grant (SLIAG) funds to reimburse state or local costs of medical assistance provided to eligible legalized aliens which are not otherwise reimbursed or paid by the Federal government, the alien, or other private sources, consistent with the intent of the Immigration Refrom and Control Act of 1986. The conferees understand that the Department currently requires states to deduct any amount owed by legalized aliens to public hospitals in determining the amount of medical costs that can be reimbursed by SLIAG funds even if the amount is never paid by the aliens. The conferees direct that only the portion of costs actually paid by the aliens be deducted in computing the amount of costs that can be reimbursed by SLIAG funds. The conferees further direct that the Secretary implement this policy as soon as possible to expedite the reimbursement of state and local costs of medical care provided to legalized aliens. The conferees agree that this directive should only be followed if authorized by law.

COMMUNITY SERVICES BLOCK GRANT

Amendment No. 80: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the first sum proposed in said amendment, insert: *$438,300,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

PROGRAM ADMINISTRATION

Amendment No. 81: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$86,450,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement includes $2,000,000 for child access demonstration projects and $4,500,000 for job creation demonstration projects authorized under section 505 of the Family Support Act of 1988. The job creation demonstration projects are administered by the Office of Community Services. The conferees note that the fiscal year 1990 funding for this demonstration did not provide for any grants to Community Development Corporations. The conferees expect FSA to make a special effort to ensure that these organizations participate in this program in fiscal year 1991.

ASSISTANT SECRETARY FOR HUMAN DEVELOPMENT SERVICES

HUMAN DEVELOPMENT SERVICES

Amendment No. 82: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which inserts legal citations.

Amendment No. 83: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$3,519,699,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement includes $3,000,000 for the elder abuse prevention program and $2,500,000 for the long-term care ombudsman program. The conferees intend that these funds be used to supplement and not replace existing support for these programs. It is the expectation of the conferees that the States be given discretion in the allocation of the elder abuse funds so as to provide for the most effective elder abuse prevention efforts. It is further the conferees' expectation that portions of the elder abuse funds will be made available to State long-term care ombudsman programs to address complaints of abuse in long-term care facilities, including board and care homes.

The conferees have included $2,500,000 in the Head Start research, demonstration, and evaluation function to initiate a 3-year project to demonstrate the effectiveness of training Head Start teachers through interactive education via satellite technology. The project shall be managed by a public television station with substantial experience in early childhood education teacher training and staff development programming, in partnership with other public television stations and the early childhood educational professional community. To the greatest extent possible, equipment and facilities provided previously by Federal funds shall be utilized.

In the Administration for Native Americans, the conferees have included $1,000,000 to fund the planning proposal for the establishment of a national center for Native American studies and policy development, as authorized by P.L. 101-301, and $1,000,000 to provide assistance to groups that are severely impacted by natural or man-made disasters, such as large oil spills.

Amendment No. 84: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert:

For carrying out the Child Care and Development Block Grant Act of 1990, $750,000,000 which shall become available for obligation on September 7, 1991: Provided, That these funds shall only become available upon enactment into law of authorizing legislation.

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

PAYMENTS TO STATES FOR FOSTER CARE AND ADOPTION ASSISTANCE

(INCLUDING TRANSFER OF FUNDS)

Amendment No. 85: Appropriates $2,611,281,000 as proposed by the Senate instead of $2,632,192,000 as proposed by the House.

Amendment No. 86: Earmarks $520,911,000 for payment of prior years' claims as proposed by the Senate instead of $544,000,000 as proposed by the House.

Amendment No. 87: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert: *Provided, That of the total amount provided, $27,352,000 shall be transferred to the "Human Development Services" account for part B of title IV of the Act*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

OFFICE OF THE SECRETARY

GENERAL DEPARTMENTAL MANAGEMENT

Amendment No. 88: Appropriates $81,350,000 instead of $82,250,000 as proposed by the House and $75,500,000 as proposed by the Senate.

Amendment No. 89: Makes available $31,100,000 from the Social Security trust funds instead of $31,950,000 as proposed by the House and $28,950,000 as proposed by the Senate.

The conference agreement includes both the rural transportation technical assistance program and the transportation technical assistance program related to the Americans with Disabilities Act.

POLICY RESEARCH

Amendment No. 90: Appropriates $9,167,000 as proposed by the House instead of $8,167,000 as proposed by the Senate.

Amendment No. 91: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which provides that certain research on poverty be conducted by the Institute for Research on Poverty.

Amendment No. 92: Deletes language proposed by the Senate.

Amendment No. 93: Deletes language proposed by the Senate which would have established a fixed five-year term for the Director of the National Institutes of Health. The conferees believe that the issue of a term appointment for the Director would be a beneficial element in recruiting for this key position and in insulating it from political influence. The conferees expect the Secretary to submit to the Congress no later than March 15, 1991 a proposal for addressing these concerns and the authorizing committees are urged to address this problem at the earliest opportunity.

TITLE III—DEPARTMENT OF EDUCATION

COMPENSATORY EDUCATION FOR THE DISADVANTAGED

Amendment No. 94: Deletes prohibition included by the House but stricken by the Senate. The conference agreement allows Compensatory Education funds to be spent for handicapped activities as authorized by P.L. 89-313. The conferees believe that the Chapter 1 State Agency Handicapped program should be transferred to the Education of the Handicapped Act. The conferees also believe that the allocation formula should be modified consistent with the findings of the recent General Accounting Office report on the program.

Amendment No. 95: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$6,378,231,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

Amendment No. 96: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$6,350,158,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

This amendment establishes the portion of this account which is available on a forward funded basis.

Amendment No. 97: Earmarks $5,125,500,000 for basic State grants instead of $5,121,000,000 as proposed by the House and $5,130,000,000 as proposed by the Senate. The agreement also deletes the legislative reference to the Elementary and Secondary Education Act inserted by the Senate.

Amendment No. 98: Earmarks $569,500,000 for concentration grants instead of $569,000,000 as proposed by the House and $570,000,000 as proposed by the Senate.

Amendment No. 99: Earmarks $301,871,000 for migrant education activities instead of $310,000,000 as proposed by the House and $293,742,000 as proposed by the Senate.

Amendment No. 100: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which earmarks

$152,537,000 for handicapped education activities. The House bill did not provide funding for handicapped activities under this account. (See Amendment No. 94)

Amendment No. 101: Earmarks $37,000,000 for delinquent and neglected education activities instead of $34,000,000 as proposed by the House and $40,000,000 as proposed by the Senate.

Amendment No. 102: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which establishes a minimum State grant for the concentration grant program of $340,000 instead of the $250,000 provided in the basic law. This modification was contained in identical form in the Fiscal Year 1990 Appropriations Act for the Department of Education. The House bill included no similar provision.

Amendment No. 103: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which provides for a minimum State grant of $375,000 for State administrative activities instead of the $325,000 provided under the basic law. This modification was contained in identical form in the Fiscal Year 1990 Appropriations Act for the Department of Education. The House bill included no similar provision.

Amendment No. 104: Restores language proposed by the House but stricken by the Senate which permits up to $100,000,000 of Chapter 1 funds to be used to initiate a new Merit Schools program if authorized prior to December 31, 1990. This action is not intended as a statement of support for this new program. The authorization decision should be made through the normal legislative process.

Amendment No. 105: Deletes language proposed by the Senate which would have revised the formula for allocating Chapter 1 funds under the concentration grant provisions of the basic law.

The conferees are concerned with the anomalous situation that exists making several counties with large concentrations of Chapter 1 eligible children not being eligible for Chapter 1 concentration grants. The conferees urge that the authorizing committees address this matter in legislation in the next session of Congress.

IMPACT AID

Amendment No. 106: Earmarks $600,000,000 for payments under section 3(a) as proposed by the House instead of $610,000,000 as proposed by the Senate.

Amendment Nos. 107–108: Earmarks $140,000,000 for payments under section 3(b) as proposed by the House instead of $130,000,000 as proposed by the Senate.

Amendment No. 109: Modifies legislative citation as proposed by the Senate.

Amendment No. 110: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert: *: Provided further, That any school district that received a payment* *under section 5(b)(2) of the Act for fiscal year 1986, but which the Department of Education has determined to be ineligible for section 2 assistance due to a review of the original assessed value of the real property involved at the time of acquisition of the federal property, shall be deemed eligible for payments under section 2 for fiscal year 1991 only*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate. The Senate amendment overrides the decision of the Department of Education regarding certain section 2 federal property payments. The conferees are agreed that this provision should be in effect for fiscal year 1991 only. (See amendments numbered 169 and 191 for related amendments.)

SCHOOL IMPROVEMENT PROGRAMS

Amendment No. 111: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which overrides basic law regarding the allocations of drug-free school funds among various subactivities. This action does not modify any allocation among the States. The conference agreement permits $72,000,000 to be available for national programs.

Amendment No. 112: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which inserts the legislative citations for the Follow Through and Star Schools programs. The House bill did not provide funding for these activities.

Amendment No. 113: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$1,621,735,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conferees are agreed that the amount for the Fund for Innovation in Education includes $3,500,000 for the underachiever initiative as proposed by the House, and $1,000,000 for critical language training activities as proposed by the Senate.

The conference committee also urges consideration of the reading and writing project, a teacher training project, a project to evaluate the academic preparation of college athletes and a project to improve and expand the instruction of foreign language at all levels of education.

The conferees understand that a number of excellent Women's Education Equity applications in the disadvantaged category were very highly rated in 1990 but could not be funded. The Conferees urge that priority for funding in 1991 be given to those projects which have already been reviewed and are pending at the Department.

The conferees have included $6,541,000 for the Native Hawaiian education programs. The conferees direct that funds be allocated as follows:

Model Curriculum Implementation Project	$535,000
Family-based Education Centers	2,860,000
Higher Education Program	1,659,000
Gifted and Talented Program	887,000
Special Education Program	600,000

Amendment No. 114: Provides that $1,195,128,000 of the amount appropriated shall be available on a forward funded basis instead of $1,148,164,000 as proposed by the House and instead of $1,242,490,000 as proposed by the Senate.

Amendment No. 115: Deletes language proposed by the House but stricken by the Senate which would have allowed $3,000,000 of the funding for dropout prevention demonstrations to be used for research.

Amendment No. 116: Earmarks $35,407,000 for Chapter 2 national programs instead of $33,900,000 as proposed by the House and $35,914,000 as proposed by the Senate.

Amendment No. 117: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert: *; $12,000,000 shall be for national program activities under section 2012 and $207,000,000 shall be for State grants under part A of title II of the Elementary and Secondary Education Act of 1965, as amended; $5,415,000 shall be for grants for schools and teachers under subpart 1 and $3,700,000 shall be for family-school partnerships under subpart 2 of part B of title III of Public Law 100–297*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

This agreement modifies the earmarks for State and national activities under the Eisenhower Math and Science programs and also modifies the allocation of FIRST funds. The agreement deletes other legislative provisions added by the Senate which would have modified the statutory setasides for Indian and Native Hawaiian activities under the drug-free schools program and which would have earmarked a specific amount for Follow Through. The conferees are agreed that $7,465,000 is available for Follow Through.

Amendment Nos. 118–119: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which appropriates $2,000,000 for the National Writing Project as proposed by the Senate if authorized in law. The House bill included no similar provision.

BILINGUAL AND IMMIGRANT EDUCATION

Amendment No. 120: Appropriates $202,904,000 instead of $205,000,000 as proposed by the House and $196,779,000 as proposed by the Senate.

The conference agreement includes $4,000,000 for new immigrant education grants as proposed by the Senate. The House bill did not include funds for this purpose. The conference agreement further provides that the remaining increase for bilingual programs be reserved for programs of developmental bilingual education.

Amendment No. 121: Earmarks $36,957,000 for training activities instead of $42,000,000 as proposed by the House and $31,913,000 as proposed by the Senate.

Amendment No. 122: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert: *including not more than $4,000,000 for the support of not to exceed 400 fellowships under section 7043*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement provides for a limit of 400 fellowships instead of 300 as proposed by the Senate and 500 as provided for under the authorizing legislation.

EDUCATION FOR THE HANDICAPPED

Amendment No. 123: Deletes language making a technical change proposed by the Senate.

Amendment No. 124: Appropriates $2,528,378,000 instead of $2,747,730,000 as proposed by the House and $2,253,503,000 as proposed by the Senate.

The managers have included $750,000 for the creation of a center or centers pertaining to children with attention deficit disorders within the innovation and development account. These centers, authorized under section 641 of the Act, will help educators, researchers, and parents respond to the educational needs of students with A.D.D. It is expected that part of the amount provided will be used for activities within school districts.

Amendment No. 125: Earmarks $1,900,000,000 for State grants instead of $2,400,000,000 as proposed by the House and $1,625,125,000 as proposed by the Senate.

Amendment No. 126: Earmarks $300,000,000 for preschool grants as proposed by the Senate instead of $257,730,000 as proposed by the House.

Amendment No. 127: Earmarks $120,000,000 for grants for infants and families as proposed by the Senate instead of $90,000,000 as proposed by the House.

Amendment No. 128: Makes a technical change in language clarifying that funding for the amount is to remain available through September 30, 1992 as proposed by the Senate.

REHABILITATION SERVICES AND DISABILITY RESEARCH

Amendment No. 129: Modifies the title of the account as proposed by the Senate.

Amendment No. 130: Appropriates $1,896,499,000 instead of $1,851,911,000 as proposed by the House and $1,903,862,000 as proposed by the Senate.

Amendment No. 131: Earmarks $18,822,000 for special demonstration programs instead of $17,455,000 as proposed by the House and $20,188,000 as proposed by the Senate.

Amendment No. 132: Deletes language proposed by the Senate earmarking $1,000,000 for support of projects to serve low-functioning deaf adults. The conferees direct that, of the $18,822,000 for Special Demonstration Grants, $1,000,000 be used to support projects to serve low-functioning deaf adults.

Amendment No. 133: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate delaying for one year the new competition for centers for independent living. The House bill included no similar provision.

SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

Amendment No. 134: Changes heading as proposed by the Senate.

AMERICAN PRINTING HOUSE FOR THE BLIND

Amendment No. 135: Appropriates $6,288,000 instead of $6,076,000 as proposed by the House and $6,500,000 as proposed by the Senate.

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

Amendment No. 136: Appropriates $38,131,000 instead of $37,531,000 as proposed by the House and $38,495,000 as proposed by the Senate.

Amendment No. 137: Earmarks $336,000 for the endowment account as proposed by the House instead of $500,000 as proposed by the Senate.

VOCATIONAL AND ADULT EDUCATION

Amendment No. 138: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert:

For carrying out, to the extent not otherwise provided, the Carl D. Perkins Vocational and Applied Technology Education Act, the Adult Education Act, the Stewart B. McKinney Homeless Assistance Act, and the Omnibus Trade and Competitiveness Act of 1988, $1,276,293,000 which shall become available for obligation on July 1, 1991, and shall remain available through September 30, 1992: Provided, That of the amounts made available under the Carl D. Perkins Vocational and Applied Technology Education Act $25,290,000 shall be for national programs under title IV, including $7,000,000 for research, $13,290,000 for demonstrations and $5,000,000 for data collection and $2,500,000 shall be for tribally controlled postsecondary vocational institutions under title III, part H: Provided further, That of the amounts made available under the Adult Education Act, $1,000,000 shall be available only for demonstration programs under section 372(d), $3,000,000 shall be for national programs under section 383, and $5,000,000 shall be for literacy clearinghouse activities under section 384: Provided further, That $2,000,000 of the total appropriated herein shall be for commercial driver literacy if authorized in law.

The managers on the part of the Senate will move to concur in the amendment of the Senate.

The conferees are agreed that of the amounts agreed to $2,500,000 shall be for awards to tribally controlled postsecondary vocational institutions as authorized under title III, part H.

The conferees are agreed that these funds should be allocated among the institutions in proportion to the allocation system in the Senate report.

The conferees are concerned over the illiteracy problem pervading our Nation's adult and juvenile correctional facilities. Through corrections education programs, States are endeavoring to provide these individuals with the basic skills they need to function in society while at the same time instill positive attitudes about personal responsibility. Therefore, the conference agreement has included $2,000,000 for the development and expansion of corrections education programs that could serve as national models for addressing this critical need. The conferees urge that preference in selecting these models be given to programs that are ongoing and that will be continued after Federal support ends. The agreement also includes $2,000,000 for literacy projects in State correctional institutions, and $988,000 for technology education demonstrations. The conferees have further agreed that the cost of regional meetings and negotiated rulemaking, currently estimated at $90,000 should be funded from funds available under the Program Administration account.

The conferees have not provided funds for the new assessment of vocational education in fiscal year 1991. Because of the high cost and questionable value of the last assessment, the conferees believe that this assessment should not be initiated without a further review by the Congress of its cost and design.

STUDENT FINANCIAL ASSISTANCE

Amendment No. 139: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert: *$6,879,475,000, which shall remain available until September 30, 1992, and*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement provides an appropriation of $6,879,475,000 for student assistance instead of $6,777,000,000 as proposed by the House and $6,873,950,000 as proposed by the Senate. The agreement also includes language added by the Senate which provides that these funds remain available until September 30, 1992.

The conferees are aware that the Secretary of Education published on October 1, 1990 a proposed rule governing the conversion of credit hours to clock hours in determining student credits for academic work performed in postsecondary institutions. Although the Department views the proposed rule as minor in nature, the potential impact of the changes mandated for public vocational-technical schools and proprietary institutions of higher education could be considerable. The conferees strongly urge the Secretary to extend the thirty-day comment period until November 30, 1990 to permit the higher education community time to review and react to this important change in regulations. A sixty day comment period would be more in keeping with the normal comment time given on changes in proposed rules.

The managers ask that the Department and post-secondary community work togther to propose ideas that would reward schools for going beyond the letter and spirit of the law by responding to the educational needs of their students via highly accountable academic and student aid programs.

Amendment No. 140: Establishes a maximum Pell grant of $2,400 as proposed by the Senate instead of $2,300 as proposed by the House.

Amendment No. 141: Modifies legislative citation as proposed by the Senate.

Amendment No. 142: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which eliminates eligibility for Pell grants for students attending on a less than half-time basis. Similar language was in effect for fiscal year 1990. The House bill included no similar provision.

Amendment No. 143: Deletes without prejudice language proposed by the Senate related to pro-rata refunds for certain student aid recipients. The conferees are fully supportive of this policy but understand that it has already been implemented by the Department of Education. The House Bill included no similar provision.

Amendment No. 144: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which requires a high school diploma or its equivalent or a passing grade on an "ability to benefit" exam as a condition of eligibility for Federal student aid programs. The House bill included no similar provision. The agreement specifies that the ability-to-benefit test must be administered by an independent testing authority selected by the Secretary.

GUARANTEED STUDENT LOANS

(LIQUIDATION OF CONTRACT AUTHORITY)

Amendment No. 145: Provides $5,381,422,000 for liquidation of contract authority under the Guaranteed Student Loan program as proposed by the Senate instead of $3,900,000,000 as proposed by the House. The conference agreement funds this entitlement account at the revised level recommended in the President's Mid-Session Review.

HIGHER EDUCATION

Amendment No. 146: Restores the legislative citation for funding for the John McCormack Institute included by the House but stricken by the Senate and includes the legislative citations for grants to the Margaret Chase Smith Center, the Warren Magnuson Institute and the Taft Institute as proposed by the Senate. The agreement does not include funding for grants under Public Law 101-300 as proposed by the Senate.

Amendment No. 147: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$781,470,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement includes $15,000,000 for the Fund for the Improvement of Postsecondary Education (FIPSE). Within this amount, the conferees have provided $1,000,000 for the purpose of developing a minority teacher training program to increase the number of Hispanics, Blacks and other minorities in the training profession as described in the House Report. The conferees have provided the funds under the Fund for the Improvement of Postsecondary Education, but direct the Department to administer this program out of Higher Education Program Services, Institutional Development Division, Special Needs Branch.

Amendment No. 148: Earmarks $17,893,000 for special endowment grants as proposed by the Senate instead of up to $27,500,000 as proposed by the House.

Amendment No. 149: Inserts legislative citation and earmark of $300,000 as proposed by the Senate for a special grant as authorized by section 777 of the Higher Education Act. The House bill included no similar provision.

Amendment No. 150: Earmarks funds for the Margaret Chase Smith Center ($1,000,000), the Warren Magnuson Institute ($3,000,000), and the Center for Clinical Law ($5,500,000) as proposed by the Senate but does not provide for grants under Public Law 101-300 as proposed by the Senate. The House bill included no similar provisions.

Amendment No. 151: Restores earmark of $3,000,000 for the John McCormack Institute included by the House but stricken by the Senate.

Amendment No. 152: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert: *: Provided, That of the amounts provided herein, $700,000 shall be available for subpart 1 of part H of title XIII of the Education Amendments of 1980*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement provides an appropriation of $700,000 for the Taft Institute instead of $750,000 as proposed by the Senate. The House bill included no similar provision.

Amendment No. 153: Earmarks $9,500,000 for the Robert C. Byrd scholarship program as proposed by the Senate instead of $8,627,000 as proposed by the House.

Amendment No. 154: Deletes legislative citation and earmark of $5,000,000 for grants to carry out title III of H.R. 2666 proposed by the Senate. The House bill included no similar provision. The conferees have deleted these funds without prejudice pending completion of the authorization process.

Amendment No. 155: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert: *: Provided further, That of the amounts provided herein, $1,000,000 shall be available to carry out a national science scholars program, if authorized in law*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement retains legislative citations and earmark of $1,000,000 for carrying out a new national scholars program as proposed by the Senate. The House bill included no similar provision. These funds are only available if an authorization is enacted into law.

Amendment No. 156: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which provides $4,000,000 for a single academic facility construction award to be awarded competitively under the Higher Education Act. The House bill included no similar provision.

HOWARD UNIVERSITY

Amendment No. 157: Appropriates $200,036,000 as proposed by the House instead of $195,536,000 as proposed by the Senate.

Amendment No. 158: Earmarks $3,000,000 for the endowment grant program as proposed by the House instead of $4,500,000 as proposed by the Senate.

Amendment No. 159: Earmarks $6,000,000 for the construction program as proposed by the House. The Senate bill included no funds for this purpose.

COLLEGE HOUSING AND ACADEMIC FACILITIES LOANS

Amendment No. 160: Provides authority to make $30,000,000 of new loans as proposed by the House instead of $5,000,000 as proposed by the Senate.

EDUCATION RESEARCH, STATISTICS, AND IMPROVEMENT

Amendment No. 161: Deletes legislative citation proposed by the Senate.

Amendment No. 162: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the sum proposed by said amendment, insert: *$133,404,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement includes $62,000,000 for education research. The conferees are agreed that the amount for research activities includes $8,900,000 for the rural initiative as proposed in the House and Senate reports, that laboratory funding should be based on minimum grant levels and allocation methodologies as proposed in the Senate report, and that sufficient funds are included to fund all 18 new centers as proposed in the President's budget. It is understood that the Department will allocate all laboratory funds by December 1, 1990. It is further agreed that the increase for research over the House allowance should be equally divided between the laboratories and the centers.

In allocating the funds provided for the summit follow-up activity, the conferees expect the department to expend a significant portion of the funds for research and dissemination activities directed to the States for school improvement and reform consistent with the language under the heading "State-wide reforms" included in the House Report.

The conferees reiterate the intent expressed in the Senate Report that NCES should expand the adult literacy survey to include adults over the age of 64, and expects NCES to absorb this cost, which is estimated to be no more than $150,000 in fiscal year 1991, within the increase provided.

Amendment Nos. 163–164: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert the following: *: Provided, That of the amounts appropriated herein, $1,000,000 shall be available, to remain available until expended, for payment of the expenses incurred by the School Year Extension Study Commission if such a Commission is authorized by law and $2,000,000 shall be available, if authorized in law, if necessary, to remain available until expended, for expenses to be incurred in the operation of an independent National Council on Educational Goals, or any similar panel, council, commission, or other entity whose function shall include monitoring progress towards achieving the national education goals for 2000, or publishing a report that describes such progress, if—*

> *(A) such entity has a majority of voting members who are neither Federally appointed or elected officials nor State elected officials but who are citizens distinguished by training or experience in analyzing educational data or widely recognized experience in, knowledge of, and commitment to education and educational excellence:*
>
> *(B) such entity has members appointed by the leadership of the National Governors' Association, the President, and the leadership of both Houses of Congress; and*
>
> *(C) all action of such entity is taken by a simple majority of the members attending a duly called and constituted meeting.*

In addition to these amounts, $5,000,000 shall be available for teaching standards activities, if authorized, which shall be awarded to the National Board for Professional Teaching Standards if such a grant is specifically authorized in law

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement modifies Senate language to provide an additional appropriation of $5,000,000 for the National Board for Professional Teaching Standards. These funds are provided contingent on the enactment of legislation authorizing this appropriation to the Board. These funds are to remain available for this purpose through the entire fiscal year and may not be used for any other purpose unless a transfer of these funds is approved in writing by the House and Senate Appropriations Committees through the normal reprogramming process. The House bill included no similar provision.

The conference agreement also earmarks $1,000,000 of the basic educational research account to fund a new School Year Extension Study Commission if authorized in law and $2,000,000 for a National Council on Educational Goals if authorized in law should a separate authorization be necessary. The House and Senate bills included no similar provisions.

The conferees have provided funds for an independent National Council on Educational Goals, or similar entity, to monitor the nation's progress in achieving the goals established by the Charlottesville educational summit, if such an entity is established. The primary concerns of the conferees are that any such entity be dominated by citizens who have demonstrated expertise or commitment to education excellence and that Congress have a role at least in selecting its members. The language of the bill accomplishes this end by broadening the range of participants while insuring a truly objective appraisal of the nation's progress toward achieving its educational goals.

LIBRARIES

Amendment No. 165: Appropriates $146,428,000 as proposed by the Senate instead of $140,800,000 as proposed by the House.

The conferees have not provided funding for family literacy centers, a newly authorized title VIII program under the Library Services and Construction Act. However, the Committees would entertain a reprogramming request from the Department of Education of up to $3,000,000 to fund this program. This would allow the Department to award grants on a competitive basis to establish literacy centers in local public libraries.

Amendment No. 166: Earmarks $19,693,000 for construction activities as proposed by the Senate instead of $18,900,000 as proposed by the House.

DEPARTMENTAL MANAGEMENT

PROGRAM ADMINISTRATION

Amendment No. 167: Deletes without prejudice legislative earmark of $125,000 proposed by the Senate for a new Office of Corrections Education. The House bill included no similar provision. The conferees direct that of the funds provided for program administration, $125,000 and three full-time equivalent positions be used for start-up costs for the Office of Corrections Education. These funds are to be exclusively for this purpose. The funding provided is sufficient for six months of operations.

OFFICE FOR CIVIL RIGHTS

Amendment No. 168: Appropriates $50,400,000 instead of $49,900,000 as proposed by the House and $50,900,000 as proposed by the Senate.

GENERAL PROVISION

Amendment No. 169: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which inserts a general provision proposed by the Senate which changes the Impact Aid statutes to waive matching requirements for certain construction grants. The House bill included no similar provision.

TITLE IV—RELATED AGENCIES

ACTION

OPERATING EXPENSES

Amendment No. 170: Appropriates $196,015,000 instead of $191,659,000 as proposed by the House and $200,136,000 as proposed by the Senate.

Amendment No. 171: Earmarks $31,035,000 for the VISTA program instead of $30,500,000 as proposed by the House and $31,569,000 as proposed by the Senate.

Amendment No. 172: Restores language proposed by the House and stricken by the Senate which earmarks $2,245,000 for the Action Drug Alliance Program.

CORPORATION FOR PUBLIC BROADCASTING

Amendment No. 173: Appropriates $326,505,000 instead of $306,505,000 as proposed by the House and $341,940,000 as proposed by the Senate.

Amendment No. 174: Earmarks $66,940,000 for the Public Broadcasting Satellite Interconnection Fund as proposed by the Senate instead of $46,940,000 as proposed by the House.

JOINT STUDY COMMISSION ON POSTSECONDARY

INSTITUTIONAL RECOGNITION

Amendment No. 175: Deletes new appropriation of $1,000,000 proposed by the Senate for the Joint Study Commission on Postsecondary Institutional Recognition authorized under section 1206 of the Higher Education Act. The House bill included no similar provision.

NATIONAL COMMISSION ON CHILDREN

Amendment No. 176: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which appropriates $1,100,000. The House did not provide funding for this Commission.

NATIONAL COUNCIL ON DISABILITY

Amendment No. 177: Appropriates $1,475,000 instead of $1,200,000 as proposed by the House and $1,750,000 as proposed by the Senate.

NATIONAL LABOR RELATIONS BOARD

Amendment No. 178: Appropriates $151,103,000 as proposed by the House instead of $140,111,000 as proposed by the Senate.

PROSPECTIVE PAYMENT ASSESSMENT COMMISSION

SALARIES AND EXPENSES

Amendment No. 179: Provides for a limitation on trust funds of $3,971,000 instead of $4,073,000 as proposed by the House and $3,869,000 as proposed by the Senate.

RAILROAD RETIREMENT BOARD

DUAL BENEFITS PAYMENTS ACCOUNT

Amendment No. 180: Appropriates $335,000,000 as proposed by the Senate instead of $328,000,000 as proposed by the House.

Amendment No. 181: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which deletes language proposed by the House and inserts language proposed by the Senate providing that the appropriation shall be immediately credited to this account and that the principal and interest shall be available for payments through September 30, 1991.

FEDERAL PAYMENTS TO THE RAILROAD RETIREMENT ACCOUNTS

Amendment No. 182: Appropriates $400,000 as proposed by the Senate instead of $100,000 as proposed by the House.

LIMITATION ON ADMINISTRATION

Amendment No. 183: Makes available $71,663,000 instead of $73,125,000 as proposed by the House and $70,200,000 as proposed by the Senate. This level of funding will support approximately 1,368 FTEs.

LIMITATION ON RAILROAD UNEMPLOYMENT INSURANCE ADMINISTRATION FUND

Amendment No. 184: Provides that not less than $15,665,000 shall be apportioned for fiscal year 1991 instead of $15,909,000 as proposed by the House and $15,420,000 as proposed by the Senate. This level of funding will support approximately 312 FTEs.

LIMITATION ON THE OFFICE OF INSPECTOR GENERAL

Amendment No. 185: Makes available $6,000,000 as proposed by the House instead of $7,698,000 as proposed by the Senate.

SOLDIERS' AND AIRMEN'S HOME

OPERATION AND MAINTENANCE

CAPITAL OUTLAY

Amendment No. 186: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which appropriates $41,583,000 for operation and maintenance and $11,500,000 for capital needs of the Home. The House deferred consideration of the Home due to pending reauthorization.

UNITED STATES INSTITUTE OF PEACE

OPERATING EXPENSES

Amendment No. 187: Appropriates $8,600,000 instead of $8,000,000 as proposed by the House and $9,200,000 as proposed by the Senate.

WHITE HOUSE CONFERENCE ON LIBRARY AND INFORMATION SERVICES

Amendment No. 188: Appropriates $500,000 instead of $1,000,000 as proposed by the Senate. The House bill contained no similar provision.

TITLE V—GENERAL PROVISIONS

Amendment No. 189: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert:

SEC. 514. (a) Notwithstanding any other provision of this Act, funds appropriated for salaries and expenses of the Department of Labor are hereby reduced by $9,000,000; salaries and expenses of the Department of Education are hereby reduced by $5,000,000; and salaries and expenses of the Department of Health and Human Services are hereby reduced by $50,000,000: Provided, That no trust fund limitation shall be reduced with the exception of the Social Security Administration, Limitation on Administrative Expenses, which is hereby reduced by $57,000,000.

(b) Notwithstanding any other provision of this Act, funds appropriated or otherwise made available which are not mandated by law for programs, projects or activities funded by this Act shall be reduced by 2.41 per centum.

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

Amendment No. 190: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment, as follows:

In lieu of the matter inserted by said amendment, insert:

SEC. 515. For purposes of section 202 of the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987, transfers, if any, in the following accounts are a necessary (but secondary) result *of significant policy changes: State Unemployment Insurance and Employment Service Operations; Low Income Home Energy Assistance; Interim Assistance to States for Legalization; and Human Development Services.*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

Amendment No. 191: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which inserts a new general provision waiving certain requirements under the Impact Aid statutes related to temporary enrollment declines for super "a" students. The House bill included no similar provision.

DEFINITION OF PROGRAM, PROJECT AND ACTIVITY

During fiscal year 1991, for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), as amended, the following information provides the definition of the term "program, project, and activity" for departments and agencies under the jurisdiction of the Labor, Health and Human Services, and Education, and related Agencies Subcommittee. The term "program, project, and activity" shall include the most specific level of budget items identified in the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1991, the accompanying House and Senate Committee reports, the conference report and accompanying joint explanatory statement of the managers of the committee of conference.

CONFERENCE AGREEMENT

The following table displays the amounts agreed to for each program, project or activity with appropriate comparisons.
